

# Annual Fall Food Drive

We're pitching in to help the  
**SECOR food bank**

Beginning October 15<sup>th</sup> through December 20, we will be accepting non-perishable food to donate to SECOR (Southeast Christian Outreach). Some examples of items that make great donations are: tuna, beans, soup, vegetables, peanut butter, jelly, pasta, sauces, or any other non-perishable food item. Diapers, hygiene products, toothbrushes, and items for self-care are also needed

Instead of high fees to get started at our office, donations are accepted to offset the cost. New Chiropractic patients receive a consultation, exam with x-rays, and adjustment for \$29 (a \$299 value). New Softwave Tissue Regeneration patients receive a diagnostic treatment for only \$49!
